Complete HVAC & Refrigeration Solutions for Commercial & Industrial Projects

About Us

Cooling the nation, Since 2011

Since 2011, KOHINOOR Air Conditioner & Refrigeration Parts Trading has been a key player in the UAE's HVAC industry. We support the core of the country's cooling network by serving contractors, service providers, facility operators, and various industrial sectors that demand performance, precision, and dependability.

Our headquarters, located in the Musaffah Industrial Area, includes a fully integrated store and showroom. These facilities are built for efficiency, equipped with modern handling systems, and operated by a skilled team that understands the real needs of the HVAC market.

What makes KOHINOOR different is more than just our wide product range. It's the trust we have built through consistent service, strong supplier partnerships, and a commitment to quality. We supply high-grade HVAC parts, tools, and components that meet the demands of projects across every scale, from residential buildings to large commercial and industrial complexes.

Our role goes beyond distribution. We provide technical support, after-sales assistance, and customized solutions that grow with our clients. Whether it's a quick turnaround or a large-scale supply requirement, KOHINOOR delivers with reliability and care.

With over a decade of industry experience and a future-focused approach, KOHINOOR continues to support the systems that keep the UAE cool, efficient, and moving forward.

OUR VALUES

Reliability
